

Workshop “ New ways to achieve energy efficiency in the “polder model”

Programme

Date	24 April 2013
Venue	Het Geldmuseum, Leidseweg 90, 3531 BG Utrecht

09.00-09.30	Registration
09.30-09.45	Introduction: highlights in the IEA Implementing Agreement Demand Side Management, <i>Rob Kool, Chair</i>
Customers, energy providers, network operators how to co-operate to ensure continuation of energy savings in a more competitive energy market?	
09.45-10.05	Smart meters introduction in the Netherlands: experiences on the provided information and willingness to use this information. <i>Henk van Elburg</i>
10.05-10.25	Expectations Dutch organizations have on the energy savings potential by closing the behavioural loop. <i>Ruth Mourik</i>
10.25-10.45	Closing the behavioural loop, what have we learned of how consumers act on energy savings? <i>Sea Rotmann</i>
10.45-11.15	Break
11.15-11.35	The role of consumers in helping to create a secure and efficient electricity system – what is expected of consumers and is it realistic? <i>Linda Hull</i>
11.35-12.00	Distributed generation: will this result in more energy use, more energy efficiency or only additional costs for the network operator? <i>René Kamphuis</i>
12.00-12.30	Panel discussion and conclusions: chair Hans Nilsson <i>Henk van Elburg (NL Agency) Craig Savy (DNV Kema) René Kamphuis (TNO), Erik ten Elshof (Ministry of Economic Affairs)</i>
12.30-13.30	Lunch

» Focus on sustainability,
innovation and international

Energy savings from implemented policies, but are markets and consumers willing to co-operate?

- 13.30-13.50 EsCo: a long history in trying to become a market player, but will it now happen with new concepts and finance scheme? Lessons learned for ESCo market development. *Jan W. Bleyl*
- 13.50-14.10 Comprehensive refurbishment through an ESCO set up as cooperative association of manufacturers and (technical) service providers. *Ger Kempen*
- 14.10-14.30 What the bankers think. *Dorine Putman-Devilee*
- 14.30-15.00 Break
- 15.00-15.25 Energy savings obligations, is the market really active, or is it a new way of making money using an obligation? *Harry Vreuls*
- 15.25-16.00 Panel discussion and conclusions: *chair* Lieven Vanstraelen Dorine Putman-Devilee (ASN), Albert Hulshoff (AHB Consulting), Bram Adema (Corporate Facility Partners), Geert Jan Dirven (Greeniant)**
- 16.00-17.30 General conclusions and networking drinks
-
